

London Championship Show 09/10/11

Varieties Judge – Lisa Grove

I have always been a big fan of The Autumn Exhibition Show at the East of England Showground at Peterborough and when I found out that The London Champ was to be held at this venue I was very pleased. I felt that it really worked – it had everything that I love about the London Champs joined up with everything that I love about the Autumn Show. The only down side for me was that I had a good sized entry and so didn't have time to enjoy the show as much as I like to do – but my purse was happier for it as I often spend a fortune at both events. Next year I will have more opportunities for shopping I am sure.

The rats were a mixed bunch, some rats were a joy to behold, some were not of a great standard and the rest were of the full spectrum between. My stewards and sitters-in were extremely hard-working and helpful and I could not have got through the day and finished judging feeling so cheerful and lively had it not been for Lizzi, Tanya, Christine, Becky & Michele. Thank you ladies. A big thanks must also to be given to Lisa Harries the show secretary & her able helpers on the day – everything ran smoothly & looked professional all day. We also had a wonderful squad of helpers who talked to the general public and allowed them to handle rats all day – thank you to you all, you give a wonderful impression of the rat fancy to the general public. Lastly I must particularly thank Jackie Roswell who always looks after us in the rat section so well each year & The London Championship committee and their sponsors Supreme for being so generous with rosettes and prizes to our show winners.

Congratulations Kyra on a well deserved BIS that nearly went in my pocket, to Ann for a RBIS that I should also liked to have stolen and Lizzi for a BOA that almost stole my heart.
